Annual Fund Matching Gifts Planned Giving Annual Report At Brookings, we believe that high-quality, independent research is critical to addressing the pressing public policy challenges of a complex, dynamic and, at times, dangerous world. Each year, Brookings produces an annual report highlighting our collective work and the impact it has had on the world. The annual report has, since 1983, also provided an opportunity for us to thank the generous donors whose financial support makes our work possible, while also demonstrating our commitment to transparency. We are fortunate to enjoy support from a broad range of philanthropic individuals, corporations, governments and foundations that believe in our mission of authoritative, independent, and nonpartisan research. The reports also contain our financial statements, which document our sound financial footing and prudent fiscal management. In addition to the information in the report, a fifteen-year record of annual reports and financial statements is available below. 2021 Annual Report 2020 Annual Report 2019 Annual Report 2018 Annual Report 2017 Annual Report 2016 Annual Report 2015 Annual Report 2014 Annual Report 2013 Annual Report 2012 Annual Report 2011 Annual Report 2010 Annual Report 2009 Annual Report 2008 Annual Report 2007 Annual Report 2006 Annual Report 2005 Annual Report 2004 Annual Report 2021 Audited Financial Statements 2020 Audited Financial Statements 2019 Audited Financial Statements 2018 Audited Financial Statements 2017 Audited Financial Statements 2016 Audited Financial Statements 2015 Audited Financial Statements 2014 Audited Financial Statements 2013 Audited Financial Statements 2012 Audited Financial Statements 2011 Audited Financial Statements Brookings’s Form 990 on GuideStar.org (free account registration required) Search 118,743 annual reports from 9,192 global companies help you make the right investment decision Page 2 22nd Century Group Biotechnology Healthcare 3M Corporation Conglomerates Conglomerates 58.com Inc.
